How to write the address in English

1. Write the person's name on the envelope.

For example, Miss Donna Freeman

2. Write the house number and street name directly under the name.

For example, 1 Fake Street

3. Underneath the street name, write the name of the town.

For example, Fraudsburg

4. Underneath the town, write down the county.

For example, Northumberland

5. If you are sending the letter from another country, put "England" beneath the county.

6. Add the relevant postcode.

For example, NE29 6PZ.

Here it is:
